STAFFING FOR CANADA WEEK

As Premier of Saskatchewan, I am pleased to join the Association of Canadian Search, Employment & Staffing Services (ACSESS) in the celebration of Staffing for Canada Week 2011.

Saskatchewan continues to enjoy economic growth requiring many talented people to be engaged in expanding our province. Temporary and contract employees make valuable contributions in Saskatchewan and across Canada. In sharing their skills, flexibility and professionalism, these employees play an important role in the strength and success of a wide range of businesses and industries that contribute to our vitality.

The work of the dynamic members of the ACSESS team and their expertise in meeting the diverse requirements of both employers and candidates is appreciated. I applaud and thank you for your commitment to promoting best practices and ethical standards for the recruitment, employment and staffing services.

Best wishes for a successful Staffing for Canada Week celebration.

Brad Wall
Premier
