

## Premier's Message

On behalf of the Province of Nova Scotia, it's my pleasure to recognize Staffing for Canada Week and this year's theme, *Putting Canadians to Work/Au Travail*.

Nova Scotia's government is committed to growing the economy and creating good jobs.

How employers and potential employees connect to fill those new jobs – and, of course, existing jobs -- is varied. One potential solution is through the staffing industry.

The staffing industry helps foster that "connection" through various services for employers and workers, such as executive search, placement services and temporary employees.

Nova Scotians often need help finding jobs, and businesses and government need to recruit the right people for the jobs they have to fill. Putting Canadians to Work is a goal that business and government are in agreement.

Sincerely,
