**Association of Canadian Search, Employment & Staffing Services
Staffing for Canada Week**

On behalf of the Government of Saskatchewan, I am pleased to extend greetings to all members of the Association of Canadian Search, Employment & Staffing Services (ACSESS) as you celebrate Staffing for Canada Week 2009.

A skilled and highly-educated labour force is the foundation of a strong economy. Saskatchewan faces a serious need for qualified workers in various sectors to meet the demands of our growing economy and the challenges of an aging workforce. Temporary, seasonal and contract employees help businesses meet their goals and contribute to our province's continued prosperity and growth.

The Canadian staffing services industry connects qualified job seekers to employers, through training and placement services, to ensure that the experience and skills of workers are well matched to the requirements of open positions.

Thank you for your professional service and best wishes for a fun and meaningful week of educational activities.
